§ 17.37 Enrollment not required—provision of hospital and outpatient care to veterans.

Even if not enrolled in the VA healthcare system:

(a) A veteran rated for service-connected disabilities at 50 percent or greater will receive VA care provided for in the “medical benefits package” set forth in § 17.38.

(b) A veteran who has a service-connected disability will receive VA care provided for in the “medical benefits package” set forth in § 17.38 for that service-connected disability.

(c) A veteran who was discharged or released from active military service for a disability incurred or aggravated in the line of duty will receive VA care provided for in the “medical benefits package” set forth in § 17.38 for that disability for the 12-month period following discharge or release.

(d) When there is a compelling medical need to complete a course of VA treatment started when the veteran was enrolled in the VA healthcare system, a veteran will receive that treatment.

(e) Subject to the provisions of § 21.240, a veteran participating in VA’s vocational rehabilitation program described in §§ 21.1 through 21.430 will receive VA care provided for in the “medical benefits package” set forth in § 17.38.

(f) A veteran may receive care provided for in the ‘medical benefits package’ based on factors other than veteran status (e.g., a veteran who is a private-hospital patient and is referred
